March 2014 Newsletter

I'm sorry for the delay in getting this to you in a timely manner. I was out of the country from Feb 20th. In this newsletter you will see details of my trip to Turks and Caicos. Some Monthly specials as well as other items going on at Sea Level Scuba

Turks and Caicos trip update:

It was a great vacation but a costly one. The weather was mid 80s everyday with low 70s at night. Water temp was about 80 degrees. We dove on Grace bay, West Caicos and Northwest point. The water vis was very good on all locations with Grace bay being the lease. Great coral and fish life. Sharks on every dive. To read my [complete](#) trip write up follow the link below.
