Solo Diver Class: \$220.00 plus work books

One of SDI's most popular courses, the solo diver program teaches experienced recreational divers how to safely dive independently of a dive buddy or strengthen your buddy team skills. The course stresses on proper dive planning, personal limitations, accident prevention as well as the benefits, hazards, and proper procedures for diving solo. You will also learn the additional equipment that is required for solo diving including it's proper usage and assembly. This is the prefect course for underwater photography and underwater video divers.
