Dive shop closed

October is now upon us.

For most of you the dive season is most likely over. My season will come to a brief end on Sunday Oct 6th. I'm having knee surgery on Friday Oct 11th. If all goes well I may be back in the water in November. In the mean time I will be hosting my last official fun dive for the 2013 dive season on Sunday Oct 6th. The plan for me will be to make one long dive. I'm looking at 2 + hours. I will welcome anyone who wishes to join me on this dive. You can follow along as long as you can safely. Once your out you could change cylinders and jump back in and re-join us.

I have an unbelievable offer for Poseidon regulators. See the Oct gear special below for details.

To keep up to date on all dives please check the link below

listed on my site

Oct 27th

MBA Pumpkin carving
9:00am at Whitestar

Poseidon diving systems has made an unbelievable offer to all there dealers. This offer is for a max of six units only and limited to only 30 days. Buy any Poseidon First and Second stage regulator and get an Xstream Octo free. This is a \$340.00 value and unlike most Octo's on the market the Poseidon Octo is exactly the same as the primary second stage, it just has a yellow cover. List cost for an Xstream Deep MK3, Black #0100-000 is \$779.00 the Xstream Octopus, Yellow #0100-003 is \$340.00 for a total list cost of \$1119.00. For a very short period of time I will be offering the above Xstream Poseidon #0100-000 with #0100-003 for the low price of only **\$715.00** plus tax. For only \$25.00 more upgrade to the Poseidon Xstream Duration O2 regulator #0100-007.

The Poseidon Xstream and Cyklon regulators are the only regulators approved by the US Navy for cold water diving. The Poseidon Xstream also is the only regulator out of the box that is certified to 200 meters/656 feet. Read more here.

Future trips and dives for 2014:

Here are some items I'm working on for 2014 and beyond.
Feb 2014 Turks and Caocos Feb 22nd - March 1st
June 2014 Milwaukee trip Sport limits dives dates not scheduled as of now.

Three or Four day trip.

July 2014 Alpena Mi July 26th through Aug 1st. All dive within sport limits, but extended bottom time allowed if certified to do so.

I'm working on a couple dates for Port Sanilac sport limit dives

and for Harbor Beach tech dives.

In Feb 2015 I will be hosting a trip to the Mayan Playacar area.
